RE: Docket #98N-1038, "Irradiation in the production, processing and
handling of food".

Dear Sir or Madam:

I am a parent and I am writing to demand prominent labeling of food that is irradiated, specifically with the use of the words "irradiation" or "irradiated," and the use of the international irradiation symbol, the radura. In addition, labeling requirements should be permanent and should not expire sometime in the future. I would like to protect my right to choose between foods have been irradiated and those that have not. Two copies of this letter are enclosed

Sincerely,

Erica L. Jones
Parent of Clarisse Jones, 11 months old
